

| **FRONTEND
UNITED**

Ghent | 27-28 May

Join designers, developers, and drupalistas for two days of focused workshops, talks and sessions on design, frontend engineering and Drupal.

WHAT IS FRONTEND UNITED?

Frontend United is a yearly European conference that moves from country to country. Its aim is to bring frontend developers, designers and Drupal themers from all kinds of backgrounds closer together and share knowledge, experiences and ideas face-to-face. We reach out to specialists around the globe to share their passion.

Frontend United looks to help grow the local community as well as build bridges across Europe for future collaborations and cross-border networking.

PRACTICAL

The conference will be held in a vintage movie theater in the heart of Ghent: Sphinx Cinema.

Sphinx Cinema
St. Michielshelling 3
9000 Ghent

The event will take place on May 27-28, 2016.

CONFERENCE CONTENT

Frontend will be the main topic of the conference. We will gather professionals in a wide range of frontend & Drupal topics. From UX specialists & web component evangelists till browserperformance gurus or reactjs adopters.

At the moment we're focussing on a 2 track conference for ± 200 people. With the speakers permission, we will be recording all the sessions and put them online after the conference.

WHY SHOULD YOU SPONSOR FRONTEND UNITED?

Sponsoring Frontend United gives you the opportunity to increase the visibility of your company on an European scale for a very targeted audience. In a fast evolving job market, it helps you find the right people who can strengthen your brand and team of experts.

Financially backing the event helps us paying the necessary costs such as getting the best speakers to our cinema in Ghent, giving everyone enough coffee and organising social/cultural events before, during and after the event. You help keeping our entry fees as low as possible for the members of this community within the Drupal ecosystem. Without sponsors, this event wouldn't be possible for us as a non-profit.
